

BAKED

WHITEHORSE, YUKON

CAFE + BAKERY

Baked Cafe is a bustling community cafe and meeting place in the heart of downtown Whitehorse. Baked Cafe is owned by Architects Jack Kobayashi and Antonio Zedda and serves as a testing ground for design ideas involving community development, sense of space, materiality, lighting, furnishings, finishes, graphics and industrial design. The architects are constantly fine-tuning the design elements of the Cafe to create the perfect balance between modern design and customer comfort.
